

Year 3 - Religious Education - Programme of Study

Religious Education (RE) is a core subject and an integral part of our curriculum. We are dedicated to providing high quality RE teaching and learning opportunities to reflect the importance of RE within our school. Current Excellent and Good SIAMS (Statutory Inspection of Anglican and Methodist Schools) reports show that each of the schools deliver, within a Christian context, the best educational, spiritual, physical, social and emotional outcomes for children and their families. Each year group has a wide range of exciting and thought-provoking topics that are studied throughout the year, within Christianity (based around 'Understanding Christianity'), as well as units of learning about other faiths.

Our programme of study is in conjunction with the diocesan syllabus and is committed to an approach to teaching RE in which skills are developed through knowledge and understanding and that pupils understand how their learning in RE is progressing and what they need to do to improve it.

Termly Topics/Units

All units start with 'Big questions', where pupils are able to really explore and reflect what their current belief on a topic is; what they already know; what they do not know and most significantly, what they want to find out! This then informs the planning and adaptation of content for the following weeks.

Autumn 1

Topic/Unit: Creation: What do Christians learn from the Creation story?

This theme is incredibly interesting and quite remarkable. The pupils will explore the world we live in, the idea of God as a creator, how humans look after the world, what Christians believe about God's world, as well as exploring what can be learned from the Christian creation story.
