

Young Transformers

Reception - Creativity

Reception children will be designing, creating and publishing their very own Christmas cards, wrapping paper and gift labels!

By being creative we transform our imaginations into reality

Year 1- Community

Our emergency services are there to keep us safe. Year one will meet a real paramedic who will tell them how to become a paramedic and what work they do in London.

By knowing who keeps us safe, we feel protected and reassured.

Year 2 – Curiosity

Space is big – infinitely so. We have invited a theatre company to visit our school to take the pupils on an incredible journey into space.

There, children will get a sense of ‘awe and wonder’ about planets, stars, galaxies and everything in between.

By reflecting about space and time, we are overawed by God’s incredible Creation.

Year 3 - Community

Year 3 pupils will organise a Harvest Festival like no other before by personally putting together high quality hampers to share with our community. They will also meet a member of the Heat or Eat Community Food Bank Trustee

By giving joy to others, we share the best of ourselves.

Year 4- Creativity

Year 4 children will be challenged with a new art medium- 3D pens. They will learn how to control, manipulate and master this incredible tool to create wonderful 3D Art sculptures.

By embracing new technologies, we learn to explore other ways of creating something beautiful.

Home - Mandatory Project - Creative

Young Transformers across the year groups are invited to use cameras, tablets and phones to take photos around the theme of ‘Transformation’. Photographers are encouraged to consider how they see transformations in nature, art, architecture, communities and beyond. Everyone is invited to send their best photo to enter for the Autumn Term Young Transformers award.

By viewing the world around us, we aim to change the way we see.

I am the vine and you are the branches. If you remain with me and I with you then you will bear much fruit. Love one another as I have loved you. (John 15).

Year 5 - Caring

During the autumn term, Year 5 will organise a ambitious charity projects to raise money for some of the most vulnerable communities in the world. All the money raised, will be used to support local and international causes.

By raising awareness, we can change perceptions and make a difference.

Home- optional Caring

There is nothing like having breakfast in bed. We encourage young transformers to plan, prepare and share a breakfast for a loved one. Can you make freshly squeezed orange juice?

By treating others to a gift, we receive love and appreciation in return.

Year 6 - Caring

Year 6 Children will be learning a medley of songs from musicals to traditional Christmas Carols. They will sing at each soft-start location on Friday mornings before leading up to a special final end of term performance!

By sharing the gift of songs, we hope to transform an audience into joyful listeners.

Home – optional Curiosity

Living in a diverse and multifaith community, we are fortunate to learn about ways of reverence. Places of worship are plenty in London and we invite pupils to visit a place of worship to learn about other faiths. ***By welcoming others, we make new friends.***
