OPEN TO YEARS 4-6

<https://blueshiftcoding.com/products/st-marys-c-of-e-after-school-clubs>

# Monday

## Year 1

# Drama

An hour long club that aims to not just provide a fun place to explore creativity and performance through various, industry standard games and exercises, but also helps in building confidence that can be used in every life. Taught by professional actors in the industry, as well as teachers with years of facilitating experience, we tailor each class to fit the needs of each group.

If interested in signing up, please email [kieranparrott.1991@gmail.com](mailto:kieranparrott.1991@gmail.com) for more information.

# Tuesday

# Tuesday

## Years 1-6

LET YOUR CHILD  
DISCOVER THE WORLD  
OF MECHANICS

### BRICKS CHALLENGE PROGRAM

Introducing the Bricks Challenge Program, perfect for imaginative minds aged 6-10. Through fun, hands-on projects, children discover the exciting world of mechanics and engineering. They'll learn key principles, such as the workings of gears, transmissions, and forces, while building models from amusement park rides to robots. We make complex subjects accessible, and nurture creativity, preparing your child for a future filled with scientific discovery.

- Learn key principles of engineering and physics
- Develop critical problem-solving and creative thinking skills.
- Engage in fun, hands-on learning with building bricks.
- Nurture a love for science and discovery.

# Tuesday Years 1-6
